ABOUT US

Eaton Oil Tools, Inc. was founded in 1973 as a full service casing cutting company, servicing much of the offshore oil and gas industry in the Gulf of Mexico. Growing with the rising needs of the South Louisiana oil fields Eaton expanded its area of expertise and involvement. Today, after years of growing and expanding business operations, Eaton Oil Tools, Inc. has expanded into a leading service supplier of **cased & open hole fishing, thru tubing fishing, casing cutting, section milling, whipstocks & rental tools** throughout the Gulf of Mexico and Southern US. Our organization consists of talented, knowledgeable, technical veteran managers and supervisors who bring years of hands-on experience to our firm. With headquarters in Broussard, LA and additional facilities in Ruston, LA and Carthage, TX, Eaton has been operating for over 40 years in the US and we are proud of the fact that we have what many consider to be the **best** "hands" in the oilfield. Our reputation of all services speaks for itself!

Eaton Oil Tools, Inc. maintains a complete line of multistring mechanical casing cutting systems & equipment for both operations requiring a rig and rigless operations. We can provide casing cutting & retrieval equipment to meet operational requirements from slot recovery to deep water applications run by the **best** "hands" in the industry! Eaton is successful in cutting hundreds of wells annually and is the industry *leader* in casing cutting operations!

RIGLESS P&A OPERATIONS

Eaton is the industry leader in all casing cutting operations - specializing in rigless operations. Our Terminator system is a complete rigless cut & pull system supplying all necessary equipment for your rigless plug & abandon operations including:

Power Swivel
Swivel Stand
Casing Jacks
Down Hole Equipment
& More!

We will be happy to send you more information!

EATON CUTTERS unique hydraulic transmission system applies smooth constant pressure, via a one piece piston assembly, to two or three knives, thereby assuring clean, rapid cuts. Free movement of the knives to either extended or closed position is assured. The positive cleaning action of the knife recesses is accomplished by the unique design configuration of our tools, supplemented by the continuous washing action of fluids forced through the tool. Each knife is dressed with the finest grade crushed tungsten carbide available. Our Multi-string casing cutters are available in a variety, of O.D. sizes, ranging from 4 5/8" O.D. to 12" O.D.* Each cutters knives can be changed easily in the field to cut a wide range of casing sizes.

Cutter Size	# of Knives	Top Connection	Max Sweep	Casing Sizes
4-5/8"	3	2-7/8" IF	12-3/4"	5-1/2" - 9-5/8"
5-3/4"	3	3-1/2" IF	31"	7" - 20"
6"	2	3-1/2" IF	67"	7" - 36"
8-1/4"	3	6-5/8" REG or 4-1/2" IF	53"	9-5/8" - 48"
9-1/2"	3	6-5/8" REG	55"	10-3/4" - 48"
12"	3	6-5/8" REG	68"	13-3/8" - 60"
